ANDA CELEBRATES ONGOING IMPROVEMENTS FOR ARGENTINE NEIGHBORHOOD

Kansas City, KS - The Argentine Neighborhood Development Association (ANDA), a nonprofit organization focused on the revitalization of the Argentine neighborhood in Kansas City, Kansas, is holding their Thank You Block Party, August 18 at 4:30 pm at 12th Street between the blocks of Ruby and Metropolitan. The party is an opportunity to thank local funders, supporters, volunteers and neighborhood residents for all of the hard work and dedication they have shown in restoring the Argentine neighborhood.

After decades of decay, new affordable housing, initial plans for a new grocery retail facility, and new curbs and sidewalks are here, thanks to cooperation between ANDA and supporters including a HUD Economic Development Initiative Appropriation sponsored by Senator Sam Brownback, and contributions from funders including the Hall Family Foundation, Sunderland Foundation, Unified Government of Wyandotte County, State Farm and many others.

"Argentine has always been a neighborhood of choice for many hardworking families," ANDA's Executive Director, Ann Murguia says. "Now we are working together to make it a safe and affordable neighborhood where all income levels may choose to live and raise their families. It's time to celebrate all we have accomplished together so far."
